GLADWOOD GARDEN'S

1941 Offerings of

Unusual Hardy Perennials

ARABIS ALBIDA fl. pl.: Double white flowers on 8-inch stems in spring.

ASTER HYBRIDUS LUTEUS (Solidaster): Soft yellow flowers in large heads in August. Excellent and easy. 18 inches.

ASTER STAR OF WARTBURG: Large lilac-blue flowers (3 inches across) on 12-inch stems in spring making it valuable for forcing, borders rock garden and for cutting. The true plant, not seedlings.

CAMPANULA ALLIARAEFOLIA: White bells on 15-inch stems all summer.

CAMPANULA ISTRIACA: Pretty blue stars over jagged leaves. June and July.

CAMPANULA LACTIFLORA: Pale blue flowers in July. 2 feet.

CAMPANULA PERSICIFOLIA TELHAM BEAUTY: 4-inch saucers on 3-foot stems June to August. The true beauty.

CAMPANULA RADDEANA: Big blue bells on foot-tall plants in summer.

CAMPANULA TURBINATA HYBRIDS (C. CARPATICA NANA): Huge saucers in various shades on 3-inch stems in summer.

CARLINA ACAULIS: The most unusual alpine with large (five or six inches across), white heads, quite stemless, all summer.

CHRYSANTHEMUM RUBELLUM: Single pink mums on 18-inch stems in August and September. Don't miss it!

CHRYSANTHEMUM DOUBLE WHITE SWAN: Fully double pure white flowers on long stems, for cutting from late May onward.

DELPHINIUM CINEREA: Another year with this excellent plant convinces me it is one of the most valuable plants introduced in years. Good for any sunny spot in garden or rockery and a most useful cut flowers. Spurless flowers of a strikingly brilliant blue on 12-inch stems for 2 months or more in summer and blooms within four months from seed.

DIANTHUS ARIEL: Large rose flowers on 6-inch stems. Lovely.

DIANTHUS NOEANUS: Dense spiny cushions and intensely fragrant white flowers during July and August. 6 inches.

DIANTHUS POWDER PUFF: Double white flowers. 6 to 8 inches.

DIANTHUS ROSE CUSHION: Its low gray cushion is hid under a canopy of brilliant pink flowers for a month or more in spring. 2 inches.

DIANTHUS STARTLER: Bright rose-red.

DRABA HAYNALDII: Small, dark green, hairy rosettes. Almost stemless, large yellow flowers in early spring.

ELSHOLTZIA FARQUHARI: Long spikes of lilac-purple in September. Grows 2 feet tall here, gaining in beauty from year to year. Splendid.

ERYNGIUM HYBRIDS: Some good things here. Blue stems, leaves, bracts and heads on 2-foot or taller plants. 35 cents.

GAILLARDIA, MR. SHERBROOK: Pure golden yellow flowers, large and circular, from June until winter. Best all yellow gaillardia. True.

GAILLARDIA SUN GOD: Lovely chamois-yellow.

GLOBULARIA BELLIDIFOLIA: Spreading mats of tiny, evergreen leaves. Blue globes in spring. Excellent ground cover in rockery. 2 inches.

GLOBULARIA NANA: Smaller yet. 35 cents.

HELIOPSIS SCABRA VITELLINA: Double, orange-yellow flowers, large and full, from June until winter makes this an outstanding new border and cut flower. 2 feet. 30 cents.

HIERACEUM BOMBYCINUM: Tiny tufts of silky silver; golden flowers in summer. Does not spread.

IBERIS SAXATILIS: Tiniest of candytufts. Pure white flowers in spring and fall. 2 inches. 35 cents.

INULA HELENIUM: Special selection getting to 6 feet in height, with great golden suns in July. 40 cents.

LIATRIS SCARIOSA ALBA: The much-desired pure white form of the Blazing Star. Guaranteed.

LYCHNIS VISCARIA fl. pl.: Red-purple double flowers, May and June. 12 inches. Splendid cutter.

MICROMERIA CROATICA ALBA: 8-inch shrublet with small white flowers all summer.

PENTSTEMON HYBRIDS: Subglaber x. Johnsonii. Large showy trumpets on 3-foot stems, near-white through pinks to blue. 40 cents.

PENTSTEMON WATSONII: Unique maroon flowers on 12-inch stems in spring. Unusual and good.

PHACELIA SERICEA: Deep blue flowers over silver tufts in June. 6 inches.

PHLOX SUBULATA: Rapid spreaders play havoc in choice company; on the other hand restrained growers are among the rock gardener's best friends. Here are two of the latter.

SCHNEEWITTCHEN: Gray-white flowers over low mounds.

LEUCHSTERN: Salmon-pink flowers on tiny bushes.

POTENTILLA FRUTICOSA PURDOMII: 2-foot shrublets carry single yellow "roses" all summer. Rare and beautiful.

RANUNCULUS MONTANUS: Golden buttercups over low tufts of shining foliage in May and June. A beautiful alpine of easy culture. 5 inches 35 cents.

RUELLIA CILIOSA: Large lavender petunia-like flowers in July and August. 6 inches.

SALVIA JURISICII: 10-inch sprays of violet flowers. Spring and summer.

SALVIA SUPERBA: Showy violet flowers all summer. 18 inches.

SCABIOSA FISCHERI: Violet-blue flowers summer and autumn. 2 feet.

SCABIOSA LAGODECHIANA: Small cream flowers. 2 feet.

SCUTELLARIA BAICALENSIS: Spikes of blue skullcaps in July and August. 1 foot.

THLASPI KERNERI: Mounds of white in early spring. Good. 6 inches.

TROLLIUS LEDEBOURI, GOLDEN QUEEN: Immense orange-yellow globes on 3-foot stems. Spectacular.

VERONICA INCANA ROSEA: Beautiful pink spires over gray foliage in June. A lovely plant. 35 cents.

VIOLA ODORATA SEMPERFLORENS: A sweet violet that is everblooming. No more need be said. Get yours early. 35 cents.

YUCCA COLOMA: Slender stems of creamy flowers out of tiny tufts of blue leaves. The best Yucca for the east. 1-year. 30 cents.

Unless otherwise stated all plants are 25 cents each. These prices include delivery to the 5th zone; beyond that please add 10%, except that orders for \$1.00 or more will be prepaid to any point in the United States.
